Call for Papers

The 1st National Symposium on Applied Machine Intelligence (NSAMI-2021) will take place in PMEC Berhampur (Govt.), India during 16th – 18th September 2021. It will be organized by **Agile CSE Society, PMEC Berhampur (Govt.), India**. The top manuscripts selected in this symposium will be send for review for publication to the following journals falls under the category of applied machine intelligence and IoT respectively:

1. **International Journal of Machine Learning and Networked Collaborative Engineering (IJMLNCE).**
2. **International Journal of Hyperconnectivity and the Internet of Things (IGI, Global).**

The journals as per the quality of the manuscript after submission and review, decide for final acceptance and publication.

Symposium Objectives: - The main objective of the symposium is to provide a platform to the students (Graduate, Post Graduate, and Research Scholars) to present their research works on Applied Machine Intelligence and IoT before the experts and other participants that may lead to gain further insight on the research problem. Also, the participants can find new research directions from the talks of the experts.

NSAMI-2021 solicits original research papers contributing to the foundations and applications of Machine Intelligence, and IoT in the following broad areas, *but not limited to*:

Application of Machine Intelligence and IoT in the respective scope:

- Computer Science and Engineering
- Electronics and Telecommunication
- Electrical Engineering
- Mechanical Engineering
- Civil Engineering
- Chemical, Metallurgy, Production, Automobile
- Mathematics/Physics/Chemistry/Biology
- Applied Sciences

Important Dates

- **Manuscript Submission Start Date: 20th Feb. 2021**
- **Manuscript Submission Deadline: 25th June 2021**
- **Manuscript Selection Notification: 31st July 2021**

Manuscript Submission Guideline: -

1. The **manuscript should convey a novel and original work**. The manuscript has not been published previously, nor it is before any journal or conference for consideration.
2. The **plagiarism should be less than 15%**.
3. **Length:** The length of the submitted article manuscript should fall between 5,000-7,000 words (12-15 pages) and appear in 12pt, single-spaced text, left-justified.
4. **Abstract.** An Abstract must be included in the article manuscript and should be between 100- 150 words, precisely summarizing the mission and objective of the article manuscript.
5. **Keywords:** Following the Abstract, a list of 5-10 keywords should be included in the article manuscript. These keywords should be common indexing terms. Keywords should appear in the article manuscript or be related to the main thrust of the article manuscript.
6. **Symbols and Letters:** Symbols and letters must be consistent in their formatting throughout the manuscript (i.e., italics as seen in each equation for the common symbol “x”). Inconsistent use of symbols and letters can result in major revisions and can affect the quality of the article manuscript’s content.
7. **Subhead Divisions:** Subheads should not be numbered. All subheadings are required to be formatted in bold and 12pt text.
8. **References:** Article manuscripts should include approximately 25-30 references to assert a high level. It should be of APA style.
9. **Style of Organization:** The manuscript must cover the abstract, keywords, introduction, related works, problem statement, methodology, Simulation Results and Analysis or Experimental Results, Conclusion, Conflict of Interest, and References.
