No. PMEC/Estt./ 2030

Date 19/08/2025

Notice: Hostel Re-allotment Guidelines

This is to inform to all 1st, 2nd and 3rd year students residing in the Hall of Residences (HoRs) of the college that due to an unprecedented increase in student admissions and limited availability of hostel (Hall) seats, hostel allotments shall be reviewed at the end of each academic session (tentatively in June/July each year). Allotment for the next academic session shall be renewed or forfeited based on academic performance and attendance.

It is therefore advised that the students provided with hostel accommodation must maintain consistent academic performance and regular attendance, failing which, at the discretion of the competent authority, their accommodation may be reassigned to more deserving off-campus students with better academic performance.

Note: *Notwithstanding academic merit and attendance, any student found to be involved in acts of indiscipline or misconduct in any hostel at any time shall forfeit their hostel allotment irrespective of their eligibility.*
