NOTICE

Due to the ongoing geopolitical conflicts in West Asia, the supply of commercial LPG cylinders across the country has been disrupted. This has resulted in a temporary shortage of LPG for the hostel dining facilities in the Halls of Residences.

To ensure that food services continue without major interruption, the hostel administration has made alternative cooking arrangements using firewood on a temporary basis until the LPG supply is restored.

All students residing in the Halls of Residences are requested to cooperate with the hostel administration, wardens, and mess staff during this period. ***There may be minor adjustments in meal preparation time or menu, and students are requested to maintain discipline, patience, and understanding.***

Students are also advised to avoid food wastage and follow the instructions issued by the Hostel Wardens so that the available resources can be managed efficiently for everyone.

The college administration is making continuous efforts to normalize the LPG supply at the earliest. Your cooperation and support during this temporary situation will be highly appreciated.
