NOTICE

Caution Regarding the Use of Personal Bank Accounts

It has come to the attention of the Administration that several students have been using personal bank accounts to access online gaming platforms and play unauthorized games on institutional networks. As informed by the Canara Bank authorities, nearly 40 bank accounts of the concerned students have reportedly been converted into **mule accounts** (bank or digital payment accounts used by criminals to receive, move, and launder illegal or stolen money).

If your bank account receives money linked to illegal gaming or cybercrime, law enforcement agencies (such as the State Cyber Police, Indian Cyber Crime Coordination Centre (I4C), and Enforcement Directorate) may initiate action.

In view of the above, all students are instructed to refrain from misusing their bank accounts for unauthorized transactions and from sharing personal information, passwords, etc.

We appreciate your immediate cooperation in keeping our digital environment secure, focused, and dedicated to learning.
