Parala Maharaja Engineering College

National Cadet Corps

3(O)MED COY, BERHAMPUR

ANNUAL REPORT 2025-26

Principal's Message

Dear NCC Cadets, It gives me immense pleasure to extend my best wishes to the NCC cadets of PMEC. Their discipline, dedication, leadership, and spirit of service reflect the true values of the National Cadet Corps. I am confident that our cadets will continue to uphold the motto "Unity and Discipline" and contribute meaningfully to society and the nation. I wish them continued success and excellence in all their endeavour.

Prof. Sarat Kumar Sahoo
Principal, PMEC

Commanding Officer's Message

A visionary institute waking each second and aspiring henceforth to propel not only in imparting academic excellence but also to fulfill greatest task of Nation building through esteemed efforts of NCC team of this institute.

Always obliged and wish all luck.

With Regards,
Major Ikshit Sharma
Commanding officer 3(O) MED COY, NCC

ANO'S Message

It gives me immense pleasure to present the Annual Report of NCC, Parala Maharaja Engineering College (PMEC), highlighting the dedication, discipline, and achievements of our cadets throughout the academic year. NCC has played a significant role in developing leadership, discipline, patriotism, teamwork, physical fitness, and a strong sense of responsibility among the cadets. Throughout the year, our cadets actively participated in various institutional, social, cultural, and NCC activities, camps, training programmes, parades, awareness campaigns, and community-service initiatives. The commitment and enthusiasm demonstrated by our cadets have brought pride to Parala Maharaja Engineering College and strengthened the spirit of "Unity and Discipline." I sincerely appreciate the efforts of every cadet, the support of the college administration, faculty members, and all those who contributed to the successful conduct of NCC activities. I am confident that the experiences and values gained through NCC will continue to guide our cadets in becoming responsible, disciplined, and dedicated citizens of the nation. Jai Hind!

Lt. Sandeep Bhoi

ANO 3(O) Med Coy, NCC PMEC

Unit's Introduction

3(O) Medical Company NCC, Berhampur is part of the National Cadet Corps, one of India's largest youth development organisations operating under the Ministry of Defence. The unit trains cadets from Parala Maharaja Engineering College (PMEC), Berhampur, instilling values of discipline, patriotism, leadership, and service. During the academic year 2025–26, cadets of PMEC under 3(O) Medical Company NCC, Berhampur participated in a wide range of activities — from national parades and competitive examinations to adventure expeditions and community service — reflecting their commitment to holistic development and national service.

18 June 2025 – NIMAS Special Adventure Course, Arunachal Pradesh

Five cadets from 3(O) Medical Company NCC, Berhampur were selected to attend the Special Adventure Course at the National Institute of Mountaineering and Allied Sports (NIMAS), Dirang, Arunachal Pradesh from 21st to 30th June 2025. NIMAS is one of India's premier mountaineering institutes, and participation in its programmes is a rare and coveted opportunity for NCC cadets. The course encompassed high-altitude trekking, rock climbing, rappelling, river crossing, and survival skills in remote terrain — activities that push cadets well beyond their comfort zones and forge exceptional mental and physical fortitude. Set against the breathtaking backdrop of the Eastern Himalayas, the camp also deepened the cadets' appreciation of India's ecological and geographical diversity. The experience significantly enhanced the cadets' leadership capabilities and their readiness for future high-stakes challenges, and stands as one of the most prestigious achievements of the PMEC NCC unit during the academic year.

June 2025 – Combined Annual Training Camp 1 (CATC 1)

Cadets from PMEC, Berhampur participated in the Combined Annual Training Camp 1 (CATC 1), which serves as the foundational residential camp of the NCC training cycle. The camp brought together cadets from across the 3(O) Medical Company NCC, Berhampur jurisdiction for intensive training in military discipline, drill, and field activities. Under the supervision of PI Staff and visiting army officers, cadets underwent structured daily routines modelled on army life — early morning physical training, formal parade sessions, theoretical classes on military subjects, and inter-platoon competitions. The camp instilled in the cadets a strong sense of routine, punctuality, and collective responsibility. For many junior cadets, this was their first experience of residential military-style training, making it a defining moment in their NCC journey.

21 June 2025 – Combined Annual Training Camp 2 (CATC 2)

Cadets of PMEC attended the Combined Annual Training Camp2 (CATC 2), organised under the directorate of 3(O) Medical Company NCC, Berhampur. The Combined Annual Training Camp is one of the most important events in the NCC calendar, bringing together cadets from multiple colleges and units for a structured, intensive training programme lasting several days. The camp covered a wide spectrum of activities — military drill, field craft, map reading, first aid, obstacle training, cultural programmes, and lectures by senior military officers. CATC provides cadets with the rare experience of living and training alongside peers from different institutions, fostering camaraderie, discipline, and a broader military perspective. For PMEC cadets, the camp served as a crucial opportunity to consolidate their skills and prepare for certificate examinations.

15 August 2025 – 79th Independence Day Celebration

The 79th Independence Day was celebrated with immense pride and patriotic fervour by the cadets of PMEC NCC under 3(O) Medical Company NCC, Berhampur. The event was graced by the presence of Major Dr. Ikshit Sharma (OC), Lieutenant Sandeep Bhoi (ANO), PI Staff, faculty members, and students of the college. Independence Day holds a place of singular importance in the NCC calendar — it is not only a national holiday but a reaffirmation of the ideals of freedom, sacrifice, and unity for which the armed forces and NCC stand as guardians. The cadets performed a disciplined flag-hoisting parade, followed by a march-past and cultural presentations. The occasion served as a powerful reminder to all present of the responsibilities borne by the youth of India, and the role of NCC in nurturing the next generation of committed, patriotic citizens.

16 August 2025 – NCC Recruitment Drive 2025

A fresh recruitment drive for NCC was conducted at PMEC for the incoming student batch of the academic year 2025–29. NCC recruitment is a critical annual exercise through which the unit identifies and enrolled students who demonstrate the physical fitness, aptitude, and character necessary for NCC training. The selection process involved physical tests — including running, push-ups, and agility drills — as well as a medical fitness screening to ensure that only candidates meeting the required health standards were enrolled. The thorough and structured selection procedure ensures that the NCC platoon at PMEC maintains its high standards of training readiness. New recruits inducted through this drive embarked on a three-year journey of military training, character development, and national service that will shape them into well-rounded individuals and responsible citizens.

01 September 2026 – Army Attachment Camp – Army AD Centre, Gopalpur

Twenty cadets from PMEC were selectedto attend the prestigious Army Attachment Campatthe Army Air Defence (AAD) Centre, Gopalpur, from 1st to 12th September 2026. Army Attachment Camps are a hallmark of the NCC training experience, offering cadets a unique, immersive opportunity to live and train within the environment of a regular Army unit. Upon arriving at the station, the cadets were received by the AAD Centre's transport and escorted to the establishment. Throughout the camp, the cadets experienced a structured daily routine modelled on the life of an Indian Army soldier, providing invaluable insights into military discipline, tactical operations, and the logistical precision required in defence service. The experience not only sharpened their drill and physical fitness standards but also fostered a deep sense of military professionalism, motivating the cadets to strive for excellence in their future endeavours. The attachment stands as a definitive highlight in the NCC journey for the participating PMEC cadets, bridging the gap between collegiate training and active military life.

15 September 2025 – Ek Bharat Shreshtha Bharat (EBSB 2) – AAD Centre, Gopalpur

Six cadets of PMEC were selected to participate in the Ek Bharat Shreshtha Bharat (EBSB) Camp 2 at the Army Air Defence (AAD) Centre, Gopalpur, from 15th to 27th September 2025. EBSB is a flagship initiative of the Government of India and NCC designed to promote cross-cultural understanding and national integration among youth from different states and regions. At the AAD Centre, Gopalpur, cadets engaged in cultural exchange programmes, inter-state interaction activities, and exposure to the functioning of a premier Army establishment. The camp gave the PMEC cadets a unique opportunity to interact with peers from across the country, broadening their perspectives and reinforcing the spirit of "Unity in Diversity" that is central to India's national identity. The experience is a testament to the NCC's role as a bridge between India's diverse communities.

25 September 2025 – Ek Bharat Shreshtha Bharat (EBSB 1) – Rourkela

Selected cadets from 3(O) Medical Company NCC, Berhampur participated in the first Ek Bharat Shreshtha Bharat (EBSB 1) camp held at Rourkela. EBSB camps are conducted under the NCC directorate as part of the national programme to strengthen the bonds of unity among cadets from different states, cultures, and linguistic backgrounds. At Rourkela — a major industrial city and hub of diverse communities in Odisha — cadets engaged in cultural activities, inter-college competitions, visits to institutions of national importance, and interaction sessions with local NCC units. The camp reinforced the shared values of service, discipline, and patriotism that unite NCC cadets across the country, and provided the PMEC cadets with a broader sense of national identity beyond their home region.

25 October 2025 – Ek Bharat Shreshtha Bharat (EBSB 2) – New Delhi

Ten cadets from 3(O) Medical Company NCC, Berhampur were selected for the prestigious Ek Bharat Shreshtha Bharat (EBSB 2) camp in New Delhi, held from 26th October to 6th November 2025. A Delhi-based EBSB camp is among the most coveted postings for NCC cadets, offering exposure to the national capital's iconic institutions, monuments, and the central NCC directorate. The cadets participated in a structured programme of inter-state cultural exchange, visits to historically and nationally significant sites, and motivational sessions with senior defence officials. The experience of representing 3(O) Medical Company and the state of Odisha on a national platform instilled a deep sense of pride, responsibility, and unity among the participating cadets, while strengthening their understanding of India's composite cultural heritage.

30 October 2025 – Meghalaya State Trekking Camp

Selected cadets from 3(O) MedicalCompany NCC, Berhampur embarked on the Meghalaya State Trekking Camp — one of the most ambitious and geographically diverse adventure camps available to NCC cadets. Meghalaya, known as the "Abode of Clouds," offers a challenging terrain of dense forests, gorges, waterfalls, and living root bridges that demand both physical stamina and mental toughness. The trekking programme was designed to push cadets' endurance limits while fostering self-reliance, navigation skills, and the spirit of adventure. Beyond the physical challenges, the camp offered cadets a rich cultural immersion into the indigenous traditions of Meghalaya's tribal communities, contributing to the NCC's objective of fostering national integration. The successful completion of this demanding expedition stands as a proud achievement for both the cadets and the PMEC NCC unit.

22 November 2025 – NCC Day and Blood Donation Camp

NCC Day and a BloOd DonationCamp wereobserved together at PMEC, commemorating the founding of the National Cadet Corps and reinforcing its commitment to community service. NCC Day, celebrated on the fourth Saturday of November each year, is an occasion for cadets across the country to reaffirm their dedication to the ideals of unity, discipline, and service. At PMEC, the day was marked by a special blood donation drive — one of the most meaningful forms of community service that cadets can undertake. Blood donation camps organised by NCC units have historically saved thousands of lives and remain a powerful symbol of the NCC's role in society beyond the parade ground. The initiative not only benefits the community but also inculcates in cadets the values of empathy, social responsibility, and selfless service that are at the heart of the NCC ethos.

26 January 2026 – 77th Republic Day Celebration

The 77th Republic Day was celebrated with great enthusiasm and patriotic fervour by the cadets of PMEC NCC at the college grounds. Republic Day marks the adoption of the Constitution of India on 26 January 1950, and for NCC cadets, it holds special significance as an occasion to reaffirm their pledge to serve the nation. The celebration commenced with the hoisting of the National Flag by the college dignitaries, followed by the singing of the National Anthem. Cadets of 3(O) Medical Company NCC, Berhampur participated in a smart and disciplined parade, demonstrating months of dedicated drill practice. Cultural programmes, patriotic recitations, and motivational addresses further enriched the occasion. The event served as a reminder to cadets of their responsibility as future leaders and citizens, deepening their sense of national pride and the spirit of unity in diversity.

28 January 2026 – Medical Attachment Camp

A group of cadets from PMEC under3(O) Medical Company NCC, Berhampur attended a Medical Attachment Camp at the AAD Centre, Gopalpur. Medical Attachment Camps are a core component of NCC training for Medical Company cadets, providing hands-on exposure to military medical infrastructure, field health practices, and emergency care procedures. The cadets reported to the unit in the morning, from where they were escorted to the AAD Centre. The program included an inaugural ceremony, structured lecture sessions delivered by experienced medical officers, and a guided visit to the Military Hospital — offering the cadets a rare opportunity to observe military healthcare in practice. The camp bridged the gap between academic learning and real-world military medical operations, equipping cadets with knowledge that will serve both their medical careers and their future roles in national service.

02 February 2026 – Bhadrak Trekking Camp

Seven cadets of PMEC NCC departed for the Bhadrak Trekking Camp, organised under the auspices of 3(O) Medical Company NCC, Berhampur. Trekking camps form an essential pillar of NCC adventure training, designed to build physical endurance, mental resilience, and teamwork among cadets. The trek route through the terrain of Bhadrak tested the cadets' navigational skills, stamina, and ability to function cohesively as a team under challenging outdoor conditions. Such camps go beyond physical fitness — they teach cadets to manage resources, make quick decisions, and support one another in adversity. The participation of PMEC cadets in this camp reflects the unit's commitment to providing comprehensive adventure training that complements classroom and drill-based learning.

02 February 2026 – Drone Training Camp, Puri

Three cadets from PMEC, under 3(O) Medical Company NCC, Berhampur, were selected to attend the Drone Training Camp at Puri, held from 2nd to 13th February 2026. The Drone Training Camp is a specialised programme introduced by the NCC Directorate to familiarise cadets with emerging technologies in unmanned aerial systems (UAS). Over the course of the camp, cadets underwent training in drone assembly, flight mechanics, operational safety protocols, and practical flying sessions. This initiative aligns with the Indian government's push to integrate drone technology into defence, agriculture, and disaster management. For the cadets of PMEC — a technically oriented institution — this training was particularly relevant, enabling them to connect their engineering studies with cutting-edge applications in national development and defence preparedness.

15 February 2026 – C Certificate Examination

Fourteen cadets of PMEC NCC from the 2023–2026 batch appeared for the C Certificate Examination conductedby3(O) Medical Company NCC, Berhampur. The NCC C Certificate is the highest-level certification offered by the National Cadet Corps and is awarded only after rigorous evaluation across multiple domains — including drill, weapon training, map reading, first aid, obstacle courses, and theoretical knowledge of military affairs. Achieving the C Certificate is a milestone in a cadet's NCC journey, as it significantly enhances career prospects, offering benefits in recruitment other armed forces, central paramilitary forces, and state government services. The preparation forth is examination demands sustained commitment over three years of NCC training. The successful participation of fourteen PMEC cadets is a testament to the high standard of training maintained by the unit and the dedication of the cadets throughout their NCC tenure.

22 March 2026 – B Certificate Examination

A total of twenty cadets — six from the SW(Senior Wing Girls) and fourteen from the SD (Senior Division Boys) wings — of PMEC NCC from the 2024–2027 batch successfully completed the B Certificate Examination. The NCC B Certificate examination is conducted after the completion of the second year of NCC training and assesses cadets on drill performance, physical fitness, general knowledge of military subjects, and practical skills acquired during Annual Training Camps. Clearing the B Certificate is a key benchmark in the NCC programme, demonstrating that a cadet has attained a competent level of military and leadership training. It also serves as a prerequisite for appearing in the prestigious C Certificate examination. The collective success of all twenty participating cadets reflects the team spirit, consistent practice, and academic rigour that define the NCC culture at PMEC.

2026 – Exuberance 2026 – Inter-College Cultural Fest

The NCC cadets of PMEC delivered an energetic and engaging performance that reflected their courage, creativity, discipline, and teamwork. Through their enthusiastic participation, the cadets demonstrated their talents beyond military training and highlighted the importance of cultural activities in the overall development of students.

Their performance also showcased confidence, coordination, and a strong spirit of unity, reflecting the core values of the National Cadet Corps. Participation in Exuberance encouraged the cadets to explore their creative abilities, interact with fellow students, and contribute to the cultural vibrancy of the institution.

Overall, the participation of PMEC NCC cadets in Exuberance was a memorable experience that highlighted the balance between discipline and creativity, reinforcing the spirit of "Unity and Discipline" while promoting camaraderie, confidence, and holistic development among the cadets.

30 April 2026 – Unit Firing Selection Session

A unit-level firing selection session was conducted at the PMEC college firing range, with the participation of ten cadets from 3(O) Medical Company NCC, Berhampur. Weapon training and firing are integral components of NCC curricula, teaching cadets the safe handling, maintenance, and accurate use of standard service weapons such as the .22 rifle. Firing sessions are not merely about marksmanship — they instil discipline, concentration, composure under pressure, and a sense of responsibility. Selection sessions such as this one identify cadets with exceptional shooting aptitude, who may then represent the unit at district, state, or national-level shooting competitions. The successful completion of the session at PMEC's own firing range underlines the college's well-equipped infrastructure and the unit's focus on providing comprehensive, all-round military training.

27 June 2026 – Rank Promotion Ceremony

A formal Rank Promotion Ceremony was held at PMEC, during which fourteen cadets of 3(O) Medical Company NCC, Berhampur were promoted to their respective new ranks. Rank promotions in the NCC are awarded based on a cadet's overall performance across multiple dimensions — including parade and drill standards, attendance at camps, performance in certificate examinations, leadership qualities, and general conduct throughout the training period. The ceremony is a significant milestone in a cadet's NCC journey, serving as formal recognition of their dedication, discipline, and growth over the preceding year. All promoted cadets received their ranks with pride and reaffirmed their commitment to uphold the values and responsibilities that come with their new positions. Such ceremonies strengthen unit morale, inspire junior cadets, and reinforce the culture of merit and recognition within the NCC

27 June 2026 – Annual Training Camp 1 (ATC 1), 2026

Cadets from PMEC, Berhampur participated in the first Combined Annual Training Camp (CATC 1) of the academic year 2025–26, organisedunder3(O)Medical Company NCC, Berhampur. CATC 1 is typically the first major residential camp of the NCC training year, setting the tone for the months of structured training that follow. The camp provided a platform for both junior and senior cadets to hone their military skills in a professional environment under the guidance of regular army officers and PI Staff. Activities included weapon training, physical fitness tests, cultural events, and motivational sessions. The camp also gave new cadets their first taste of the rigorous and rewarding life that defines NCC service, while senior cadets had the opportunity to mentor the junior batch and reinforce their own leadership skills.

07 July 2026 – Annual Training Camp 2 (ATC 2), 2026

Cadets of PMEC participated in the second Combined Annual Training Camp (CATC 2) of the academic year 2025–26, conducted under the aegis of 3(O) Medical Company NCC, Berhampur. CATC 2 builds upon the foundation established in CATC 1, with a more advanced training schedule designed to prepare cadets for certificate examinations and competitive representations. The camp encompassed advanced drill practices, inter-platoon competitions, obstacle course activities, and sessions on military history and national integration. Senior cadets assumed greater responsibilities as platoon and section commanders, gaining practical leadership experience. The collective effort and teamwork demonstrated by PMEC cadets throughout the camp reflected the strong unit cohesion and training standards upheld by 3(O) Medical Company NCC.
